To Whom It May Concern,

I would like to take this opportunity to recommend Darren Pereira of Success Integrated for the provision of motivational speeches with direction for senior secondary students.

This year, Darren has spoken to our senior students on two occasions. In February, he attended our Year 12 camp out near Bacchus Marsh to present "Success Without Stress". This 90-minute presentation was well-received by the students (115 students), with many of them continuing to mention it the following week when we were back at school.

In June Darren presented "Shape Your Destiny" to our Year 11 students (185 students) at their Study Skills day. This was a fantastic presentation which combined a clear message with high-energy student involvement. Formal feedback collected on the day was extremely positive. The average rating given to Darren by the students was 8.35/10 overall. Considering the challenging group we are working with this year, the result is very impressive. Some typical comments from students include:

- "It gave me some direction and helped me to realize what I wanted to do."
- "You were the best person that I have heard speak cause you are motivating and entertaining."
- "Fun and entertaining way of talking about the future."
- "I learned what I want to do with my life."
- "In the seminar I learned to act on my goals straight away. Thank you."
- "I thought the S.M.A.R.T. goals were great, really useful."
- "It made me want to take action today and feel excited about it."

Even today, I am still hearing comments from students.

I have found Darren to be a very professional speaker who connects easily with his audience. He is flexible, and has worked well with our school to enhance our programs this year. We have already booked Darren for next year so that our students may continue to benefit from his extraordinary presentations. I would highly recommend him to any senior secondary school looking to improve its student programs.

Sincerely,

Nikki Bachynsky  
Senior School Assistant Manager & Programs Coordinator
