Suites 1-3, 131 Bulleen Rd
BALWYN NORTH 3104

Dear Darren,

This is just a short note to thank you for your inspirational presentation to our Year 10 students. The professionalism and polish was certainly noted and students responded in a most gratifying way. I have heard several so-called motivational speakers and I am delighted to say that I rate you as among the most valuable speakers we have invited to our College.

The format of the "Achieve Your Best" presentation was creative and generated much interaction with the students. It is not easy to keep a large audience involved for 90 minutes, however, you managed to do just that. The fact that you could so easily relate to the students and apply personal anecdotes was a key element to this.

I will certainly recommend you to other schools. I would be delighted if you could keep in touch with our College, as I am sure future opportunities will arise for you to present follow up seminars.

Yours sincerely,

Michael McLean
Head of Secondary
