Testimonial: Darren Pereira presentation to Yr12 students – “Be Your Best”

As the Yr11&12 Sub School Leader at Melton Secondary College, I have employed Darren each year over the past 8 years to motivate our Yr12 VCE students. Our students have consistently found Darren’s presentation to be exciting, inspiring, thought provoking and ultimately helpful in getting their study habits organised and efficient.

Aided by a DJ with upbeat tunes, Darren engages students by building instant connections with the audience and creates a fun environment. It seems like he studied VCE just yesterday and relates to the age group’s interests. His study tips, life stories and challenges are presented in a variety of forms including, videos, workbook, chanting key messages and are backed by evidence as best practice.

Each year our Yr12 students thank us for providing them with Darren’s presentation as their motivation levels soar. I would recommend Darren’s presentation to any school wanting to support its’ students to be their best.

Yours in success

David Kershaw

Senior Sub School Leader
