Re: Darren Pereira

On Friday 1 February, Darren Pereira was a Guest Presenter for our Year 10's at Mill Park Secondary College as part of our Orientation Program.

He's program 'Shape Your Destiny', encapsulated our Year 10 cohort. His presentation was action packed, with his use of visual aids as well as the mobile DJ. Darren was able to keep our audience engaged for three hours, a huge achievement!

I was particularly impressed with Darren's willingness to communicate with the College and ensure that our needs were being met. He was always approachable and open to suggestions.

The Goal Setting component of his presentation was very relevant for our students. It enabled them to develop an action plan in relation to their career pathway and develop strategies to help them achieve their goals.

I would have no hesitation in recommending Darren to any school looking to motivate their students and help them believe in their abilities and reach their full potential.

Yours Sincerely,

Daniel Stephens
Sub School Leader
