Dear Darren

I would like to take this opportunity to compliment and thank you for the 'Shape Your Destiny' seminar on Thursday 27th July.

The presentation from your organization prior to arriving, to the DJ, yourself and use of Multi media really is of the highest standard. The students thoroughly enjoyed the opportunity of hearing your motivational thoughts and certainly took away some valuable ideas.

Being a teenager in this current society is challenging and students need direction, motivation and the understanding of goal setting. You certainly focused on these key areas.

Your concept is unique and really addresses a target area of secondary schools in New Zealand.

I congratulate you on taking up this initiative and continuing to develop it year by year. I unreservedly endorse these services and look forward to seeing you in future years inspire students at Mount Albert Grammar School.

Yours faithfully
