

May 9th 2007

To Whom It May Concern:

We had Darren Pereira come to St Helena Secondary College on the 3rd May 2007 to speak to our Year 11s. Overall, there was a very positive reaction to Darren's "Shape Your Destiny" workshop and 100% of our students requested that we use Darren again.

"Shape Your Destiny" is a long session (over three hours), however our students stayed focused and interested. The energy of both Darren and the music certainly helped to keep students engaged.

We intend to book Darren in future years in order to assist students with motivation and goal setting.

Yours truly,

Karen Lynch
