

Learning | Courage | Integrity | Excellence | Leadership Through Service

26 April 2012

To whom it may concern

Darren Pereira's 'Achieve Your Best' seminar was immensely stimulating and energising for the Year 10 audience. Students remained captivated throughout the presentation and responded well to Darren's humour and active pace. Darren clearly demonstrated a depth of knowledge about motivation and study skills.

Students connected to the compelling motivational examples provided by Darren. The upbeat tone of the presentation, continual audience participation and Darren's use of repetition and acronyms to enhance the key messages being delivered was easily and enjoyably grasped. Students left the presentation extremely positive and motivated towards applying some of the tools and approaches covered in the presentation.

Yours sincerely
