

12/2/07

Dear Darren,

Thank you again for your presentation at our Year 12 Camp last week. I would consider it a great success with the students clearly responding most positively to your presentation. Your high energy style had a great impact on them and they were totally involved in all your activities. They appeared very energised and enthusiastic and I am sure the involvement of your DJ was an important factor in this. I was impressed by the effective manner in which you related to the students and I am most hopeful that they will build on the work you completed with them

I would have no hesitation in asking you to repeat the same programme at our 2008 Camp

Many congratulations and thanks.

Malcolm Anderson
Year 12 Co-ordinator.
